

NDT LEVEL 2 TECHNICIAN. PUNTA CANA, DOMINICAN REPUBLIC (THE)

ABOUT COMPANY:

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, Canada, and is now expanding to the Caribbean.

With the imminent opening of our new hangar in Punta Cana, we are actively seeking exceptional individuals to join our innovative multibillion MRO family. The ideal candidates will be key contributors to our dynamic team, playing a pivotal role in shaping the success of our operations in the Dominican Republic.

With the opening of our new hangar in Punta Cana, we are actively seeking exceptional individuals to join our MRO family and now we are looking for the NDT Level 2 Technicians.

YOUR TASKS:

- Conduct and/or supervise non-destructive testing (NDT) inspections on aircraft components and structures to identify defects without causing damage.
- Interpret NDT results, prepare technical reports, and ensure proper documentation.
- Sign/stamp all related documentation for the maintenance performed and/or supervised.
- Comply with FAA/EASA/ICAO regulations and FL Technics quality procedures.

WHAT YOU SHOULD BRING:

- Minimum 23 years of age.
- Meet medical requirements for NDT Level 2 (visual acuity and color perception).
- Strong command of the English language (read, write, speak, understand).
- Training / Certification: Qualification (including on the job training, formal training, initial examination) under NAS 410 or EN 4179 standards for one or more NDT methods at Level 2:
 - Liquid Penetrant (PT)
 - Magnetic Particle (MT)
 - Ultrasonic (UT), may include Phased Array Ultrasonic (PAUT) and Bond Testing (BT)
 - Eddy Current (ET)
 - Thermographic (IRT)
- Completion of theoretical and practical training courses as per industry standards.
- Minimum 0.5 year of experience as certified NDT Level 2 technician in large commercial

maintenance (e.g., Airbus A320, Boeing 737).

OUR ATTRACTIVENESS:

- Permanent or long-term role with a stable workload and career growth potential.
- Full visa process support.
- Competitive salary package aligned with your experience and market standards.
- Opportunity to work in a dynamic and expanding aviation market with global exposure and real impact.
