

EASA B1.2 LICENSED ENGINEER. LLEIDA, SPAIN

We are BAA Training, one of the TOP 3 largest independent aviation training centers in Europe. Our people are united by passion for aviation and a desire to ensure efficient training solutions for both pilots and airlines. Avia Repair Co, the dedicated MRO subsidiary of BAA Training, is expanding its technical team and is seeking an experienced EASA Part-66 B1.2 Licensed Engineer. As part of a growing aviation training and maintenance group, you will play a key role in ensuring the continued airworthiness, reliability, and safety of our fleet. This position offers the opportunity to work within a professional, well-structured maintenance environment with strong support from both our in-house technical specialists and the wider BAA Training organization.

We promise a highly challenging field and wide scope of responsibilities, which will initially cover:

- Ensuring maintenance tasks and certification of aircraft during maintenance scheduled and unscheduled inputs are carried out to the highest possible standards of safety, quality and serviceability
- Ensuring appropriate application of certification privileges in accordance with the limitations of Company Authorizations
- Performing daily maintenance and repair jobs for the aircraft in cooperation with our technical team
- Carrying out non-recurring and sustaining development, validation and delivery of technical Aircraft Maintenance data
- Cooperating with the maintenance contractors, aircraft and their equipment manufacturing plants, suppliers
- Ensuring all off-aircraft tasks i.e. spares handling, etc. are handled strictly IAW Company procedures and all the relevant paperwork is actioned in a way that provides full transparency to all involved
- Working according to approved company processes
- Performing other duties and responsibilities assigned by direct manager

We dream about a team member who:

- Has EASA Part 66 B1.2 License (preferably with full group 3 or with type ratings in Cessna 172)
- Has valid Human Factors training compliant with PartCAO, PartML, and PartM
- Has more than three years of experience in aviation
- Is able to work independently and is self-motivated and willing to take ownership
- Knows how to manage several complex projects at once
- Has analytical and conceptual thinking skills
- Has willingness to share skills, knowledge and expertise
- Is flexible with good time management skills
- Has respectful and positive attitude
- Uses the English language at an effectively operational and independent level
- Has knowledge of Spanish language (advantage)
- Has work permit in the EU

What we offer you:

- A health insurance package after 3 months working for the Company
- Additional holiday days for loyalty after 2 years of work for Company
- A Wellness Day to take care of yourself and a Birthday Day to celebrate
- Mental gym to support your emotional wellbeing from Mindletic
- A shuttle bus service from Lleida city to the airport or parking space near the office
- Extensive on boarding plan to ease your integration into the company
- An international and multicultural environment in vibrant industry with plenty of challenges to achieve as well as duty trips to headquarters in Lithuania
- If you're motivated to develop your career, we have plenty of opportunities for growth

We offer career opportunities at different levels within this position depending on your experience. Feel free to apply, and we'll discuss the best match for you during the process.

Salary: from 3000 € (brutto)

BAA Training is one of the TOP 3 biggest independent aviation training centres in Europe providing a full scope of aviation training solutions on both – B2B and B2C levels.
