### **Experience:**

- At least 5 years' work experience in IT security, cyber security, or information security fields
- Bachelor's Degree in Computer Science, Engineering, or related field
- Hands-on experience in Unix systems security
- Experience in the interaction of Linux applications in a heterogeneous IT
- Previous work experience in EDR, XDR, SIEM, IDS, IPS
- Extensive expertise in troubleshooting
- Common understanding of SOC capabilities
- Knowledge of ISO27k, NIST 800-53, CSC20, ENISA Threat Landscape
- Knowledge of CIS benchmarks
- Ample experience with virtualization (VMWare vCenter, ESXi, or similar)
- Proven experience in automation and configuration management.
- Experience with backup solutions

- Good knowledge of collaboration tools (e.g. SharePoint, Teams, Confluence, JIRA).

### **Hard skills requirements:**

- Cyber security engineering.
- Problem-solving and troubleshooting.
- Incident response.
- Security event and incident analysis.
- Scripting language - Bash, Perl, Python (at least one is a big plus).
- System hardening.
- Computer networking skills.

### **Soft skills requirements:**

- Security-first mindset.
- Effective verbal and written communication skills, good in reporting and presenting.
- Time-management and organizational skills.
- Self-motivated and able to work independently.
- Team working skills for collaboration with team members.
- Creative problem solving.
- Attention to details.
- English (B2 or higher).

### **What do we offer?**

- MultiSport card is your key to over 2700 sports facilities in Slovakia and the Czech Republic.
- One extra day off on your birthday.
- Snack day twice a month.
- Financial benefit to support your health, sport and beauty activities and to sponsor cultural activities and entertainment.
- Referral Bonus up to 1000 EUR.
- Daily food allowance and refreshments in the office.

Salary: from 3300 € to 4000 € (brutto)
