

AIRWORTHINESS ENGINEER OFFICER. CAIRNS, AUSTRALIA

Who We Are

Skytrans Australia is an Australian airline providing regional Regular Public Transport (RPT), ACMI (Aircraft, Crew, Maintenance, and Insurance), and Charter services, connecting communities across the country. The airline operates a fleet of 11 aircraft, including Dash 8 turboprops and Airbus A319 jets. Skytrans Australia is part of Avia Solutions Group, the world's largest ACMI provider, operating 142 aircraft across 6 continents and delivering a wide range of aviation services, supported by over 11,000 professionals across more than 250 subsidiaries worldwide.

About The Role

Reporting to the Continuing Airworthiness Manager, the Airworthiness Engineer Officer supports the continued airworthiness of the Skytrans fleet by ensuring compliance with aviation regulations, conducting airworthiness activities, and providing technical support to the Part 42 Airworthiness department.

This is a full-time position with flexible hours based in our head office at Cairns Airport.

Key Responsibilities

- Maintain accurate aircraft technical records, manuals, and airworthiness systems in accordance with regulatory requirements.
- Support continuing airworthiness activities, including airworthiness reviews and compliance monitoring.
- Review and assess regulatory documentation, including Airworthiness Directives and Service Bulletins.
- Provide technical administration support and liaise with internal and external stakeholders.
- Provide support to Technical Services activities and assist the Continuing Airworthiness Manager as required.

Qualifications and experience:

- Demonstrated experience in continuing airworthiness management or a related aviation technical environment, with knowledge of aircraft maintenance, technical records, and regulatory requirements.
- Sound knowledge of CASA regulations and continuing airworthiness requirements, including CASR Part 42 and applicable airworthiness standards.
- Sound understanding of aircraft systems, technical documentation, and airworthiness requirements within a regulated aviation environment.
- Strong organisational skills, attention to detail, and the ability to manage multiple priorities while maintaining accurate records.

- Excellent communication and stakeholder management skills, with the ability to build effective relationships with internal and external stakeholders.
- Current Aviation Security Identification Card (ASIC), or the ability to obtain one.

How to apply:

If you are looking to contribute to a growing aviation organisation and be part of a team that values safety, collaboration, and operational excellence, we would love to hear from you. Please submit your application outlining your experience and suitability for the role.

Please note: Due to the volume of applications, only shortlisted candidates will be contacted. Applicants must have the right to live and work in Australia and be able to successfully complete pre-employment and ongoing medical, drug and alcohol screening requirements. Skytrans Australia is an equal opportunity employer committed to inclusive and fair recruitment practices. We strive to provide a respectful and accessible recruitment process for all candidates. If you require any adjustments throughout the recruitment process, please let us know so we can support your application.

Queensland-based Australian airline, providing seasonal alternatives to Europe and empowering Avia Solutions Group's ACMI services in the Asia-Pacific.
