

SENIOR DATA ENGINEER. TAGUIG, PHILIPPINES (THE)

Avia Solutions Group (ASG) Global Service Philippines is looking for a **Senior Data Engineer** to join the Group's Digital Technologies Department. This individual will support the Data Analytics and Reporting team in implementing best practices and driving maturity in the group-wide data strategy.

The Data Analytics and Reporting team collaborates with ASG subsidiary companies worldwide to enhance processes and drive data-informed business decisions through the integration of the Microsoft data stack: MS Fabric and Power BI.

Reporting to ASG Digital Technologies, this position will be based in the ASG Global Services Philippines office in BGC, Taguig City, under a Hybrid setup, working in the EMEA time zone.

In this position you will:

- Develop the ASG Data warehouse.
- Design, develop, maintain, and continuously improve ETL/ELT solutions and other key data & analytics infrastructure components.
- Consult the Group's companies about Data warehouse deployment best practices.
- Mentor and coach team members to develop their technical skills and knowledge.
- Perform data analysis tasks, mostly working with transformation and validation.
- Collaborate with other teams within the Group's head office to ensure smooth operations.

Requirements and Skillset:

- 6+ years of experience as a Data Engineer or similar role.
- Understanding of Data warehouse architecture types.
- Knowledge of advanced Data warehouse modeling techniques (Inmon, Kimball, Data Vault).
- Advanced SQL skills with the ability to write and optimize queries (any relational DB, preferably MS SQL).
- Python skills (preferably PySpark).
- Familiar with cloud data tools.

Would be nice if you:

- Have experience with MS Fabric or other Microsoft data stack tools.
- Have experience with Qlik-Sense/Qlik-View.
- Are familiar with ITSM principles.

The benefits of being part of our team:

- Contribute to meaningful projects that shape the future, allowing you to grow professionally while

making a real difference.

- Be part of a collaborative and inclusive environment where your ideas are valued, and innovation takes center stage.
- Benefit from personalized learning pathways, dedicated mentorship, and a clear trajectory for career advancement.
- Enjoy a flexible work culture and comprehensive benefits that support both your personal and professional well-being.
- Your efforts will be celebrated through competitive compensation and employee recognition programs designed to highlight your contributions.
