DATA ENGINEER. VILNIUS, LITHUANIA

WHY US?

Avion Express is a narrow-body ACMI (Aircraft, Crew, Maintenance, Insurance) and charter operator. Avion Express provides top-level short and long-term aircraft wet-leasing (ACMI) solutions and also offers its clients aircraft on a charter basis. The company operates an Airbus A320 family aircraft fleet.

Avion Express is looking for ambitious professionals to support the company's matters and further development of the company. The position is based in Vilnius, Lithuania.

The company creates a supportive work environment and conditions for employees to grow, both professionally and personally.

ARE YOU READY TO?

- Architect, build and maintain scalable data pipelines and ETL processes to ensure efficient data flow across systems;
- Manage data integration, data warehousing and data modeling to support analytical and operational reporting needs;
- Optimize data infrastructure for performance, reliability and scalability;
- Assist in developing data governance policies, focusing on data security, compliance and quality standards;
- Lead efforts to automate data workflows and processes to streamline operations and minimize manual intervention.

DO YOU HAVE WHAT IT TAKES?

- Fluency in English and Lithuanian languages, both spoken and written;
- Bachelor's degree in Data Science, Statistics, Mathematics, Computer Science, or a related field;
- 2+ years of experience as a Data Analyst/Engineer or similar role;
- Experience with automation and scripting languages (e.g. Python) to improve data handling processes;
- Strong proficiency in SQL, with experience in database design, querying and performance tuning;
- Strong attention to detail and focus on data accuracy and consistency;
- Ability to collaborate with cross-functional teams to design and implement data solutions;
- Ability to work independently and as part of a team;
- A proactive mindset, identifying and solving data engineering challenges to improve system efficiency and scalability.

WOULD BE CONSIDERED AS AN ADVANTAGE:

- Experience with cloud platforms (e.g., AWS, GCP, Azure) and big data technologies (e.g., Hadoop, Spark, Kafka);
- Experience in working with one of visualization software (Power BI, Tableau, Qlik, etc.) or advanced visualization skills in Python;
- Familiarity with MS Dynamics 365 - Business Central.

DOES IT SOUND APPEALING?

- Position, based in Vilnius, Lithuania;
- Friendly atmosphere in a modern business center;
- Competitive salary, starting from 3306 to 4629 € gross (the final salary for senior-level candidates is flexible and will be negotiated to reflect their expertise and experience);
- Other benefits: social benefits, including health insurance, lunch compensation, opportunity to book standby flights, access to the childcare room, gym for your physical and mental health (Mindletic), daily fruits and weekly pastries, birthday day-off, gifts for marriage, childbirth and other significant life occasions;
- On site during probation period and hybrid work model after probation period;
- Opportunities for professional and personal growth;
- Opportunity to work in a truly international business environment.

Salary: from 3306 € to 4629 € (brutto)

Avion Express is the largest narrow-body ACMI operator in the world. The company operates it's Airbus A320 family aircraft fleet across Europe, as well as Africa, South America and the Asia-Pacific region.
