

## GROUP FINANCE CONTROLLER. VILNIUS, LITHUANIA

### ABOUT COMPANY:

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, and Canada.

Recognized as Top Employer of 2024, awarded by the Top Employers Institute, FL Technics demonstrates continuous effort and investments to create a great work environment and ensure the well-being of the ever-growing team in Lithuania and across the globe.

FL Technics is part of Avia Solutions Group, the world's largest ACMI provider, operating a fleet of 192 passenger and cargo aircraft worldwide.

As we continue to expand, we are seeking an experienced and motivated **Group Finance Controller** to engage in group consolidation, financial reporting, and the implementation of group-wide accounting policies and controls. This is a unique opportunity to shape the financial foundation of a growing group structure while ensuring compliance, efficiency, and accuracy.

### YOUR TASKS:

- **Group Consolidation and Financial Reporting:** Oversee the consolidation of financial data across the whole Group entities and lead the preparation of consolidated financial statements in accordance with IFRS.
- **Group Policies and Compliance:**
  - Develop and implement group-wide accounting and tax policies, procedures, financial and operational processes, including reporting frameworks, consolidation tools, and internal control systems.
  - Ensure compliance with statutory, regulatory, and tax reporting requirements across all jurisdictions.
- **Accounting Process:** Support the integration and setup of accounting processes for newly established or acquired entities, lead or assist in the setup of ERP system or software.
- **Collaboration:** Close collaboration with local teams and finance teams across the whole Group (including external accounting consultants) to ensure alignment with group standards, smooth and accurate period close and reporting processes. Participation in budgeting and forecasting processes.
- **Process Optimization:** Drive improvement in consolidation processes, implement automation solutions to improve efficiency in group reporting and compliance functions.
- **Ad-hoc:** Pro-active participation in various finance related projects (e.g. due-diligence, M&A etc.) and improvement initiative as well ad-hoc analysis and tasks.

## WHAT YOU SHOULD BRING:

- A solid understanding of the financial and managerial accounting processes and principles (incl. IFRS), preferably certification in ACCA, CPA or equivalent professional qualifications;
- Strong knowledge of IFRS, consolidation processes, financial systems;
- Hands-on and pro-active approach in developing, implementing, and improving group-wide financial processes;
- Strong knowledge of accounting requirements and analytical skills, with ability to manage issues across multiple business units and countries;
- Experience of at least 4+ years in finance controlling, accounting, or audit (Big4, international / multi-entity companies is a plus);
- Excellent communication and planning skills, fluent English;
- Navision Dynamics/Business Central, BI knowledge and experience with databases is an advantage.

## WORKING AT FL TECHNICS:

- Exclusive experience to the aviation business industry;
- Flexible working hours to promote work-life balance;
- Work remotely for up to one month a year;
- Additional private health and accident insurance;
- Discount system with partnering companies;
- Access to internal training and courses;
- Complimentary in-house gym and other sports activities;
- Supporting and cheering for your success team;
- Competitive salary range, final offer will be proposed based on your experience and competencies.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation.

Salary: from 4800 € to 5500 € (brutto)
