SmartLynx Technik is looking for experienced EASA Part-66 licensed **B1/B2 or B1** engineers to join our team at the Nador, Morocco station. You will be responsible for line maintenance on our Airbus A320 aircraft.

- Location: Nador, Morocco, NDR airport
- Contract Duration: June 2025 – September 2025 (with possible extension)
- Rotation: 14 days on / 14 days off

Requirements:

- Valid EASA Part-66 B1 or B1/B2 license with current type ratings on A320 (CFM56 + V2500)
- Experienced in line maintenance, preferably in a similar operational environment
- Flexible and willing to work both day and night shifts as part of the rotation
- Valid certificates for: Human Factors; FTS Level 2; EWIS Group 4 (minimum)
- Copy of type rating certificate
- Minimum 6 months of recent experience (within the last 2 years) on A320 and/or B737MAX in the scope of your license
- Supporting quality statements, references, and relevant logbook pages
- Category B driving license

This is why you will love to work with us:

- 14 days on / 14 days off rotation
- Flexible shift pattern – day and night shifts
- Competitive daily rate – based on your certification and experience, up to 600EUR.
- Travel and accommodation provided

**Please note that background checks will be conducted on all applicants and restrictions that can suspend the process of employment in accordance with the Law on Aviation Article 57.1. will be additionally evaluated.*

By applying to this job advertisement, the applicant takes full responsibility for declaring truthful information. In case, if information submitted will be discovered false or the Background Check result will return negative, participation in the recruitment process will be terminated.

In its 27 years in the ACMI and air charter business, SmartLynx Airlines has earned a name for itself as one of the finest in the industry. Operating a fleet of Airbus A320s and Airbus A321s aircraft, the airline transports over 3 million passengers annually in Europe and Asia.
