

## AIRCRAFT PROJECT & CAMO ENGINEER. CAIRNS, AUSTRALIA

### **Welcome aboard!**

#### **About us**

Skytrans Australia is part of Avia Solutions Group, the world's largest ACMI (Aircraft, Crew, Maintenance, and Insurance) provider, operating a fleet of 145 aircraft on 6 continents. The group also provides a range of aviation services: MRO (Maintenance, Repair, and Overhaul), pilot and crew training, ground handling, as well as a variety of associated aviation services. Supported by 14,000 highly skilled aviation professionals, the group is parent company to over 250+ subsidiaries.

Skytrans Australia is seeking an experienced Aircraft Project & CAMO Engineer to join our Continuing Airworthiness team in Cairns. This is a key technical and project-focused role, responsible for managing aircraft entry-into-service projects while supporting the ongoing airworthiness of our fleet.

Reporting to the General Manager Engineering, you will play a critical role in ensuring regulatory compliance, technical integrity, and operational readiness across our aircraft operations.

#### **About the role**

In this position, you will:

- Lead and manage aircraft entry into service (EIS) projects, ensuring all regulatory and operational requirements are met
- Support the continuous airworthiness of the fleet in accordance with CASA regulations
- Develop, review and maintain technical documentation, manuals and expositions
- Ensure compliance with CASR Part 42 and Part 145 requirements
- Provide technical advice and operational support to engineering, flight operations and maintenance teams
- Act as an alternate CAM when required
- Liaise with internal stakeholders and external contractors to deliver projects efficiently and safely

This role suits a proactive engineer who enjoys variety, responsibility, and working closely with operational teams in a dynamic airline environment

#### **About us:**

To be successful, you will bring:

Essential:

- Licenced Aircraft Maintenance Engineer
- Previous experience within a CASA CAMO
- Experience with aircraft entry into service activities
- Strong knowledge of Part 42 and Part 145 CASRs
- Experience writing technical documentation and manuals
- Ability to work autonomously and make sound decisions under pressure
- Strategic mindset with strong attention to detail

Desirable:

- Dash 8 experience
- Airbus aircraft experience
- Previous experience acting as, or supporting, a CAM

You will also be fit for work and hold a valid Class 1 Medical.

### **Why join Skytrans Australia:**

At Skytrans, safety, integrity, respect and customer service are at the heart of everything we do. We offer:

- A challenging and rewarding role within a growing airline
- Exposure to aircraft projects and fleet development
- A collaborative team environment
- The opportunity to make a real impact on operational outcomes

### **How to apply:**

If you are a motivated Aircraft Project & CAMO Engineer looking to take the next step in your career, we would love to hear from you. Please submit your resume and a brief cover letter outlining your suitability for the role.

### **Please note:**

*Only shortlisted candidates will be contacted for an interview. Applicants must be eligible to live and work in Australia as either a citizen, permanent resident, or hold an appropriate visa. You must be able to successfully pass pre-employment and continuing medical, drug and alcohol pathology screening. Skytrans Australia is committed to equal opportunity employment through fair recruitment practices.*
