AVIATION COMPONENT MECHANIC (WHEELS AND BRAKES). BUDAPEST, HUNGARY

ABOUT THE COMPANY:

FL Technics Wheels & Brakes Kft. is a subsidiary of FL Technics UAB, a provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics Wheels & Brakes Kft. is specialized in the maintenance and repair of aircraft wheels and brakes.

To expand our team in Budapest-Ecser, we are looking for:

AVIATION COMPONENT MECHANIC (WHEELS AND BRAKES)

We are looking for Aircraft Component Mechanics to join our aircraft component maintenance team at **Junior** or **Experienced** level.

In this role, you will participate in the maintenance and overhaul of aircraft wheel and brake systems and their sub-components, in accordance with approved maintenance data and quality standards.

Candidates will be classified at **Junior** or **Experienced level** based on their experience and competencies.

Responsibilities

Level: Junior

- Cleaning, grit blasting, and preparing aircraft wheel and brake components
- Disassembling and assembling components
- Reporting defects found during cleaning or inspection
- Following maintenance instructions and job cards
- Using the ERP system (AMOS) to record maintenance data
- Maintaining cleanliness and order in the production area and tools
- Cooperating with other team members

Level: Experienced Mechanic

- Disassembly, inspection, repair, and assembly of aircraft wheels, brakes, and their sub-components
- Technical evaluation of components and correction of defects
- Completing and signing maintenance documentation and job cards within the scope of authorization
- Documenting repairs and maintenance activities
- Using the ERP system (AMOS) to record maintenance data
- Cooperating with other production areas to ensure efficient operations

Requirements

- Minimum age: **20 years**
- **Technical qualification** (aircraft maintenance technician qualification is an advantage)
- Precise and accurate work style
- Ability to work in a team
- Willingness to work in a **two-shift schedule**

Professional Experience

Level: Junior

- **Entry-level candidates are welcome**
- Experience in a technical field is an advantage

Level: Experienced Mechanic

- **Minimum 2 years of relevant experience** in aircraft maintenance or component overhaul

Language Skills

- **Basic to intermediate level of English**

Advantages

- Experience in **aircraft maintenance**
- Workshop experience related to **wheel or brake systems**
- **Aircraft Maintenance License (AML)**
- Experience using **ERP systems (e.g., AMOS)**
