

CAMO ENGINEER (ACMI). TAGUIG, PHILIPPINES (THE)

Join Our Team as a **CAMO Engineer!**

Are you ready to elevate your career in the aviation industry?

Avia Solutions Group Global Services Philippines is on the lookout for CAMO (Continuing Airworthiness Management Organization) Engineer to support **Avion Express**, the largest narrow-body ACMI (Aircraft, Crew, Maintenance, Insurance) operator in the world.

Reporting to Avion Express, this role will be based in the ASG Global Services Philippines office in BGC, Taguig City, working in a hybrid setup aligned with the EMEA or Oceania / Asia Pacific time zone.

* Upon starting work, you will be required to align your schedule with the Eastern European time zone throughout the training/orientation period.

About the Company

A proud member of Avia Solutions Group, **Avion Express** provides top-level short and long-term aircraft wet-leasing (ACMI) solutions and offers its clients aircraft on a charter basis. The company operates its Airbus A320 family aircraft fleet across Europe, as well as Africa, South America, and the Asia-Pacific region.

The parent company, Avia Solutions Group, is the leading aviation business group, operating across all continents with offices in Ireland, USA, Asia Pacific, UAE, Lithuania, South Africa, and Australia. Backed by 14 000 highly skilled aviation professionals, the group is the largest global ACMI provider, operating a fleet of more than 220 aircraft. The group also provides various aviation services such as MRO (Maintenance, Repair, and Overhaul), pilots and crew training, ground handling, and other interconnected solutions.

Key Responsibilities

- LDG/ENG/APU and other assets BtB and other records review
- Aircraft records review during deliveries
- Aircraft records collection and review for redeliveries
- Aircraft Statuses/Statements preparation on request
- Dent & Buckle charts development and updates
- Structure (damage, repair) files collection and review
- Engines/APU data (Hours/Cycles) update
- Aircraft/Engine/APU data entry into Maintenance Management Systems after transitions
- Aircraft systems monitoring (for e.g. Oil/Hydraulic fluid consumption monitoring and reporting)
- Work cards / Engineering Orders creation

What We're Looking For

- Bachelor's or College Degree in Aeronautical or Engineering.
- Preferably experience on A320 Family aircraft maintenance and/or CAMO Tasks
- At least 3-5years' experience in CAMO activity.
- Experience in asset transitions with CAMO support, including aircraft and engine deliveries, redeliveries, and records review, is preferred.
- Strong communication and problem-solving skills.

The benefits of being part of our team:

- Be part of a global aviation leader recognized for excellence and employee well-being.
- Work in a hybrid setup with a truly international, collaborative, and forward-thinking team.
- Grow professionally in a challenging and fulfilling role within the aviation industry.
- Your contributions will be valued and rewarded, with competitive compensation and employee benefit programs.

A remote workforce service centre supporting Avia Solutions Group's ACMI airlines and MROs worldwide.
