

FLIGHT SIMULATOR ENGINEER. VILNIUS, LITHUANIA

We are BAA Training, one of the TOP 3 largest independent aviation training centers in Europe. Our people are united by passion for aviation and a desire to ensure efficient training solutions for both pilots and airlines. A comprehensive list of EASA approved training programs and extensive experience on the market allow us to meet the training needs of the global aviation. BAA Training has offices in Lithuania, France, Spain, Vietnam and is constantly expanding. Currently we are looking for a **Flight Simulator Engineer** to join our international team in Vilnius, Lithuania. If you think that aviation could be your next challenge – contact us now!

We promise a place for you to contribute and be enabled with a wide scope of responsibilities, which will initially cover:

- Maintenance and repair of Flight Simulation Training Devices (FSTD) (electronics, computers, pneumatics, mechanics and hydraulic fields).
- Liaison with Flight Crews both pre and post training sessions to ensure smooth running of the session.
- Ensuring all documentation is completed correctly to help ensure high standard of availability of the simulator(s).
- Providing initial response to flight crews during training sessions and reacting immediately of any fault which can't be rectified, and which can may result in of "lost time" affecting the availability of simulator.
- Performing periodic maintenance and check-ups prior the trainings sessions, diagnosis and salvage of accidental issues, including required software and hardware adjustments.
- Using Repair Manual and User Manual (in English language).

We dream about a team member who:

- Has University bachelor's degree in engineering field (Aviation, Electronics, Informatics, Automation, Mechanics or a similar field).
- Has experience with measuring instruments (oscilloscopes, multimeters, etc.).
- Has ability to read drawings and schemes of electronics, electrical, hydraulics and mechanical systems.
- Has experience in using and repairing electronic and computer equipment.
- Has excellent knowledge of English language (both written and spoken).
- Experience working with simulators or similar field- advantage.
- Uses Russian language (would be an advantage).
- Has analytical thinking, high level of responsibility and ownership, result oriented attitude.
- Is attentive to details.
- Has great problem-solving skills.

- Is able to work independently and is self-motivated and willing to take ownership.
- Is flexible with good time management skills.
- Is service-minded.
- Wants to learn every day and thinks aviation could be the love of one`s life.
- Is able to work in shifts (day and night).

What we offer you:

- A health Insurance package in compliance with company policy.
- Contribution to your pension fund for seniority
- Additional holiday days in compliance with company policy.
- A Wellness day to take care of yourself and relax.
- Mental gym to support your emotional wellbeing from Mindletic.
- Contemporary and convenient office space in a new growing AEROCITY area.
- Child care zone, gym, entertainment flight with a full flight aviation training simulator.
- Public transport cover during the weekdays or parking space near the office.
- Discounts and special offers from various partners of the group.
- Extensive on boarding plan to ease your integration into company.
- Personal growth possibilities if you are eager to progress in your career, we have a bunch of examples to share.
- An international and multicultural environment in vibrant industry with plenty of challenges to achieve.

Please feel free to apply to any of the below career options and we shall discuss the requirements based on your experience:

Salary: from 1819 € to 3967 € (brutto)
