

## **AVIATION SYSTEMS OPERATIONS SPECIALIST. TAGUIG, PHILIPPINES (THE)**

**Avia Solutions Group (ASG) Global Services Philippines** is looking for an **Aviation Systems Operations Specialist** to join **the Group's Aviation Solutions & Corporate Integration** department.

**This position is based in the ASG Global Services Philippines office in BGC, Taguig, under a hybrid setup and working on the APAC/EMEA Time Zone.**

Avia Solutions Group (ASG) is the leading aviation business group, operating across all continents with offices in Ireland, USA, Asia Pacific, UAE, Lithuania, South Africa, and Australia. Backed by 14,000 highly skilled aviation professionals, the group is the largest global ACMI (Aircraft, Crew, Maintenance, Insurance) provider, operating a fleet of more than 220 aircraft. The group also provides various aviation services such as MRO (Maintenance, Repair, and Overhaul), pilots and crew training, ground handling, and other interconnected solutions.

### **Role Overview:**

The Aviation Systems Operations Specialist plays a key role in ensuring aviation systems effectively support operational and business goals across group airlines by analyzing contracts, monitoring system use, and collaborating with cross-functional teams.

### **Key Responsibilities:**

- Analyze aviation systems contracts (existing and proposed), identifying key operational, financial, and technical terms.
- Interpret fee structures and compare actual cost against contractual conditions.
- Collaborate with Flight Operations, Technical Operations, IT, and Legal to ensure system functionality meets operational needs.
- Coordinate strategic system adoption across group airlines.
- Monitor system usage patterns and assess evolving business cases.
- Document and map the group's aviation systems landscape to guide future integration and investment decisions.

### **What we are looking for:**

- Bachelor's degree in Aviation, Aeronautics, or any related field.
- Strong analytical mindset with a passion for aviation systems and operational efficiency.
- Excellent communication skills, with the ability to bridge technical and business perspectives.
- Comfortable working with structured documents, cost models, and system specifications.
- Proficient in MS Excel and document management tools.
- Experience with aviation software (AMOS, AIMS, Navblue) is a plus.

### **The Benefits of being part of our Team:**

- Contribute to meaningful projects that shape the future, allowing you to grow professionally while making a real difference.
  - Be part of a collaborative and inclusive environment where your ideas are valued, and innovation takes center stage.
  - Benefit from personalized learning pathways, dedicated mentorship, and a clear trajectory for career advancement.
  - Enjoy a flexible work culture and comprehensive benefits that support both your personal and professional well-being.
  - Your efforts will be celebrated through competitive compensation and employee recognition programs designed to highlight your contributions.
- 

A remote workforce service centre supporting Avia Solutions Group's ACMI airlines and MROs worldwide.
