

CHIEF THEORETICAL KNOWLEDGE INSTRUCTOR. ALL CITIES, ALL COUNTRIES

We promise a highly challenging field and wide scope of responsibilities, which will initially cover:

- Setting theoretical training standards and helping theory instructors to implement them;
- Standardization of theoretical knowledge instructors: control the level of preparation of instructors, supervise their methodical preparation and the way they deliver lectures, provide needed training to achieve needed training standards and quality;
- Preparing, updating and developing methodical literature and training material, ensure, that all training material for theoretical training is in accordance with TM and Part-FCL requirements;
- Contributing to the development of training programs for the theoretical part, training of instructors and refresher course;
- Updating and adjusting theoretical training programs, ensure that they meet Part-FCL, ICAO and TKA CAA requirements;
- Developing training plans and schedules according to the number of students;
- Preparing, controlling and supervising the completion of documentation of theoretical training;
- Assessing and controlling student progress by examining their methodical preparation both according to the plan and not following the plan; supervise the process of examination;
- Working according to approved company processes;
- Setting and achieving short-term and long-term goals in accordance with the company's strategic goals;
- Performing other duties and responsibilities assigned by the direct manager.

We dream about a team member who:

- Has extensive experience as a theoretical knowledge instructor in type rating subjects;
- Experience as a CTKI, Manager or Deputy in the aviation training industry would be an advantage;
- Has good knowledge of Part-FCL regulations;
- Holds, or has held CPL/ ATPL(A) license;
- Holds a TRI or SFI on B737 or A320;
- Has experience with training programs that include EBT and CBTA;
- Has good skills in a Microsoft Office 365 environment or has basic conceptual computer literacy;
- Can work independently and is self-motivated and willing to take ownership;
- Knows how to manage several complex projects at once;
- Has analytical and conceptual thinking skills;
- Has willingness to share skills, knowledge and expertise;
- Uses the English language at an effectively operational and independent level;
- Is flexible with good time management skills;
- Has a respectful and positive attitude.
