

SENIOR DATA ENGINEER. VILNIUS, LITHUANIA

Every process step is important in Aviation. Data driven decisions are integral part in Avia Solutions Group.

We help our subsidiary's companies across the world to improve processes through integrating data into making business decisions using Microsoft data stack: MS Fabric and Power BI.

In Digital Technologies Department we are looking for a Senior Data Engineer who will help Data Analytics and Reporting team to implement best practices and maturity in our data strategy.

In this position you will:

- Design and develop our Data warehouse.
- Design, develop, maintain and continuously improve ETL/ELT solutions and other key data & analytics infrastructure components.
- Consult our subsidiary's companies about Data warehouse deployment best practices.
- Perform data analysis tasks, mostly working with transformation and validation.
- Collaborate with other ASG teams to ensure smooth operations.

About you:

- 3+ years of experience as a Data Engineer or similar role.
- Understanding of Data warehouse architecture types (preferably Medallion architecture).
- Have knowledge of data modeling techniques (Inmon, Kimball, Data Vault).
- Have advanced SQL skills with the ability to write and optimize queries (any relational DB, preferably MS SQL).
- Have Python skills (preferably PySpark).
- Are familiar with cloud data tools.

Would be nice if you:

- Have experience with MS Fabric or other Microsoft data stack tools.
- Have experience with Qlik-Sense.
- Are familiar with ITSM principles.

What we offer:

- Opportunity to work in a vibrant international and ever-growing business aviation environment
- Opportunities for professional and personal growth; foreign language trainings
- Gym and Yoga classes for your physical health and Mindletic for mental health
- Children's room where you can leave your kids to play with supervision (Vilnius based)
- Well-being initiatives focused on creating a healthy, balanced and engaging work environment
- Various benefits related to employee life cycle in organization

- Parking or public transport ticket
- Electrical cars spots near the office
- Discounts and special offers from various partners.

The salary range provided is approximate and intended as a general guide. Actual compensation will be based on various factors, including, but not limited to, the candidate's experience, qualifications, education, and the specific requirements of the role.

Salary: from 5000 € to 7500 € (brutto)

Avia Solutions Group, the world's largest ACMI (Aircraft, Crew, Maintenance, and Insurance) provider, operates a fleet of 145 aircraft on 6 continents. Supported by 14,000 professionals, the group is the parent company to over 250+ subsidiaries including Avion Express, BBN Indonesia Airlines, and KlasJet. The group also provides a range of aviation services: MRO (Maintenance, Repair, and Overhaul), pilot and crew training, ground handling, as well as a variety of associated aviation.
