

MAINTENANCE DIRECTOR (PUNTA CANA). PUNTA CANA, DOMINICAN REPUBLIC (THE)

ABOUT THE COMPANY:

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, Canada, and is now expanding to the Caribbean.

With the imminent opening of our new hangar in Punta Cana, we are actively seeking exceptional individuals to join our innovative multibillion MRO family. The ideal candidates will be key contributors to our dynamic team, playing a pivotal role in shaping the success of our operations in the Dominican Republic.

With the opening of our new hangar in Punta Cana, we are currently looking for a **Maintenance Director** to lead the heavy maintenance operations in our new MRO facility in the Dominican Republic.

YOUR TASKS:

- Lead and oversee heavy maintenance operations in the new MRO facility located in Punta Cana.
- Ensure full compliance with IDAC regulations, aviation safety standards, and quality assurance systems.
- Manage and supervise maintenance teams, ensuring operational efficiency and high-quality standards.
- Coordinate maintenance planning, resource allocation, and operational performance.
- Ensure all maintenance activities on Airbus A320 and Boeing 737 NG aircraft are performed according to approved procedures and regulatory requirements.
- Support the implementation and continuous improvement of safety management systems and maintenance processes.

WHAT YOU SHOULD BRING:

- Dominican nationality.
- IDAC TMA License (Structure & Engine) with more than 6 years of validity.
- Minimum 8 years of experience in aircraft maintenance, including at least 4 years in leadership or management roles.
- Proven experience in heavy maintenance for Airbus A320 and Boeing 737 NG aircraft.
- Type training for A320 and B737 NG (minimum 80 hours each).
- Strong knowledge of aviation regulations, safety standards, and quality systems.
- Strong management and leadership skills.
- Advanced English proficiency.
- Degree in Aeronautical Engineering or a related field (preferred).

WORKING AT FL TECHNICS:

Global Exposure - At FL Technics, we open doors to a world of boundless opportunities. Leading global group companies — from Vilnius to Canada — we are at the center of the MRO industry.

Aviation Industry - Where passion meets purpose. In this dynamic and ever-evolving industry, you'll be part of a team that shares a deep love for aviation, a passion that unites us and fuels our determination to achieve greatness.

Grow to Glow mindset - We believe in nurturing our employees' potential and investing in their growth. Our Grow to Glow goal is centered around providing access to continuous learning and development opportunities.

Stay Well focus - At FL Technics, we understand that a healthy and balanced employee is a successful employee. We focus on promoting well-being and overall mental and physical health.

Enjoy What You Do attitude - We strongly believe that a positive and enjoyable work environment enhances creativity and productivity.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation.
