

## LICENSED AIRCRAFT ENGINEER. BANGKOK, THAILAND

### Welcome aboard!

### About us:

**Thai SmartLynx** is a leading provider of ACMI (Aircraft, Crew, Maintenance, and Insurance) and charter aircraft services across Thailand, tailored to meet the operational needs of airlines, tour operators, and aviation stakeholders worldwide.

As a partner of **Avia Solutions Group** — the world's largest ACMI provider — we have access to a global network of over 250 aviation businesses and are backed by a team of 14,000+ aviation professionals. The group's comprehensive services include MRO (Maintenance, Repair, and Overhaul), pilot and crew training, ground handling, and a wide range of aviation support solutions.

### Key responsibilities:

### Qualifications and experience:

- Thai Nationality
- Bachelor's degree in aviation, Science, Engineering or related field
- Minimum of 5 years of experience in relevant functions
- Strong knowledge in Operational Control & Flight Dispatch, ATC & Regulations, Crew Flight Time Limitation
- Demonstrated skills in Leadership, Analytical Thinking, and IT
- Completed Flight Dispatch / Operational Control Training

### How to apply:

If you have the skills and experience (or thereabouts), we'd love to hear from you! Please submit your cover letter and/or resume addressing the points mentioned above.

### Please note:

Only shortlisted candidates will be contacted for an interview. You must be able to successfully pass pre-employment and continuing medical, drug and alcohol pathology screening. Thai SmartLynx is committed to equal opportunity employment through fair recruitment practices.

"Shape Your Future with Us"
