

SENIOR SOFTWARE ENGINEER (NODE.JS / JAVASCRIPT, TYPESCRIPT). RIGA, LATVIA

About the Role

As a Senior Software Developer, you will play a key role as a member of our Scrum team. You'll lead the development of groundbreaking software solutions that benefit not just one enterprise, but the entire Avia Solutions Group—a global aviation leader.

Your Responsibilities

- Lead and oversee software development projects, ensuring objectives are met.
- Design and develop high-quality, scalable, and efficient software solutions.
- Review and enhance current systems, proposing initiatives to optimize business operations.
- Mentor junior and mid-level developers, fostering collaboration and growth.
- Work closely with stakeholders to translate requirements into technical specifications.

What We're Looking For

- Strong experience with Node.js and JavaScript/TypeScript (ES6).
- Knowledge of .NET programming (C#, .NET Core, ASP.NET Core).
- Experience with cloud platforms and APIs (Azure).
- A solid understanding of Web Services (RESTful).
- Exceptional backend programming skills.
- Familiarity with C# ORM techniques (Entity Framework) will be advantageous.
- A proactive and solution-driven mindset.
- The ability to lead and collaborate effectively within a team.
- A passion for mentoring and supporting team growth.

This is why you will love to work with us:

- Opportunity to work together with global aviation experts.
- International, friendly, modern, and comfortable work environment.
- Fully paid lunch and healthy snacks in the office.
- Advanced health insurance after the probation period.
- Paid day off on your birthday.
- For professional and personal development opportunities, join our Talent Academy, Leaders Club, or other development incentives.
- Corporate and social events.
- Competitive salary based on your competencies and experience.

**Please note that background checks will be conducted on all applicants and restrictions that can suspend the process of employment in accordance with the Law on Aviation Article 57.1. will be additionally evaluated.*

By applying to this job advertisement, the applicant takes full responsibility for declaring truthful information. In case, if information submitted will be discovered false or the Background Check result will return negative, participation in the recruitment process will be terminated.

In its 27 years in the ACMI and air charter business, SmartLynx Airlines has earned a name for itself as one of the finest in the industry. Operating a fleet of Airbus A320s and Airbus A321s aircraft, the airline transports over 3 million passengers annually in Europe and Asia.
