

MCC LIAISON ENGINEER. BISHOPS STORTFORD, UNITED KINGDOM OF GREAT BRITAIN AND NORTHERN IRELAND (THE)

Ascend Airways | MCC Liaison Engineer

12hr 5x5 - Days & Nights

Bishops Stortford, UK

£86,000 + £4,000 Performance based bonus

With a newly acquired UK AOC Ascend Airways are operating a small fleet of Boeing 737 aircraft (NG and MAX) in the ACMI market, opening its first operational base at London Gatwick in early 2024. The company is part of Avia Solutions Group, the world's largest ACMI (Aircraft, Crew, Maintenance, and Insurance) provider, operating a fleet of 221 aircraft on 6 continents.

The group also provides a range of aviation services: MRO (Maintenance, Repair, and Overhaul), pilot and crew training, ground handling, as well as a variety of associated aviation services. Supported by 14,000 highly skilled aviation professionals, the group is parent company to over 250+ subsidiaries

The MCC Liaison Engineer is part of an on-site team at London Gatwick liaising between Ascend Airways and the contracted Maintenance Repair Organisation (MRO). With a clear focus on managing the Fleet maintenance requirements, scheduled work, defect management and coordinating any Aircraft on Ground (AOG) situations that arise at base or down route.

RESPONSIBILITIES:

- Acting as the focal point for day-to-day Fleet Technical Operations, 24/7.
- Liaising and overseeing contracted MRO's, ensuring that service and requirements are fulfilled.
- Onsite Liaison for Base maintenance inputs and lease transitions.
- Sourcing spares required for Scheduled Maintenance, Defect Rectification, ADD's and AOG situations in conjunction with the Procurement Team.
- Working closely with the MRO to efficiently manage and rectify all ADD's.
- Updating, distributing, and discussing Aircraft Daily Status Reports.
- Ensuring organisation procedures, standards and interfaces are followed.
- Working with Technical Services, ensuring that Technical Delay Reports are raised to capture any

repetitive defects/reliability items.

- Coordinating AOG Situations at Aircraft bases and overseas.
- Attending aircraft arrival, departure, and transits as necessary.
- Arranging and attending meetings as appropriate to the job role.
- Ensuring all arising issues are reported to the Engineering Station Manager.
- Ensuring safety and compliance are always maintained.
- Review and issue of Work Orders, Work Requests and Daily Status to MRO's.
- Review of completed Work Orders, Technical Log Pages, and Paperwork returns.
- Communicating across a wide range of Internal departments on a regular basis providing updated on operational issues as required.

REQUIREMENTS:

- B1/B2 Licence (UKCAA/EASA)
- Min 5 Year Experience on Boeing 737 NG (MAX Desirable)
- In a similar role (Liaison Engineer or Maintenance Control Engineer)
- Strong understanding of engineering process and procedures
- Proficiency in Microsoft 365 Application, Excel & My Boeing Fleet.
- Team Leadership experience

BENEFITS:

- 4.5% company pension contribution
- £4,000 Performance Bonus

We offer a competitive salary and great opportunity for career progression, we welcome your application, and any recommendations to recruitment@ascendairways.aero.

Ascend Airways is a UK-based ACMI and charter airline offering the quietest, most fuel-efficient aircraft to enable customers to fulfil their capacity requirement and meet environmental objectives.
