- Ensure compliance with EASA aviation standards and company safety procedures;
- Accurately complete maintenance documentation and technical records;
- Work closely with licensed engineers and the engineering support team to maintain operational readiness.

Requirements:

- Proven experience in aircraft maintenance, with hands-on experience on the A320 family (mandatory);
- Solid understanding of aircraft systems, structures, and applicable maintenance procedures;
- Ability to read and interpret technical manuals and maintenance documentation;
- Strong attention to detail and a commitment to safety and quality;
- Good command of English (spoken and written);
- Right to live and work in the European Union;
- Willingness to work in shifts, including night shifts and weekends.

This is why you will love to work with us:

- Opportunity to work together with global aviation experts.
- International, friendly, modern, and comfortable work environment.
- Company subsidized lunch and healthy snacks in the office.
- Advanced health insurance after the probation period.
- Paid day off on your birthday.
- For professional and personal development opportunities, join our Talent Academy, Leaders Club, or other development incentives.
- Corporate and social events.
- Competitive salary ranging from 1800EUR/gross based on your competencies and experience.
