

POWER PLATFORM DEVELOPER. VILNIUS, LITHUANIA

Join our dynamic team at ASG Group as **Power Platform Developer**, where you'll deliver innovative services and solutions using MS Power platform, custom development, and data integrations. Collaborate closely with aviation process experts and contribute to process efficiency initiatives. Your role will also involve formalizing solutions with comprehensive documentation and providing 3rd line support for developed applications.

Key Responsibilities:

- Develop and implement solutions for ASG Group clients using MS PowerApps, SharePoint Online, and Power Automate.
- Collaborate with team members to ensure mutual success.
- Work closely with aviation process experts to understand and address their needs.
- Create detailed documentation for solutions.
- Drive process efficiency initiatives.
- Provide support for existing Power Platform applications, troubleshooting issues, and implementing enhancements.
- Stay up to date with the latest developments and features in the Power Platform ecosystem and apply this knowledge to improve solutions.

About You:

- Experienced in developing with Microsoft PowerApps and Power Automate.
- Analytical thinker with a strong willingness to learn.
- Positive, creative, and possess a can-do attitude.
- Able to work independently and as part of a team.
- Proficient in verbal and written English.
- Knowledgeable about security and application lifecycle management.

Preferred Qualifications:

- Experience customizing SharePoint Online.
- Proficiency in programming languages such as HTML, SQL, .NET (C# / VB.NET), SharePoint Framework (SPFx), and JavaScript.
- Experience with IT system integration (REST API, Web services).
- Knowledge of Power Platform security models, including roles, user permissions, and environment management.

Additional Information:

- Familiarity with agile methodologies is a plus.
- Strong problem-solving skills and attention to detail.
- Ability to manage multiple tasks and projects simultaneously.

What we offer:

- Highly ambitious and dynamic team, readily supporting and collaborating with colleagues in a multicultural environment.
- Exciting projects in one of the world's most fascinating and innovative industries.
- Possibility to work from home if office space isn't your cup of tea.
- Health insurance package in compliance with company policy.
- Brand new modern office with on-site bistro, office bar, free gym, pool and tennis tables, and chill spaces.
- Discounts and special offers from various partners.
- Office bar.
- Children's room where you can leave your kids to play with supervision.

The salary range provided is approximate and is intended as a general guide. Actual compensation will be based on a variety of factors, including but not limited to the candidate's experience, qualifications, education, and the specific requirements of the role.

Salary: from 2500 € to 4950 € (brutto)

Avia Solutions Group is the world's largest ACMI (Aircraft, Crew, Maintenance, and Insurance) provider, with a fleet of 213 aircraft. The group also provides a range of aviation services including MRO (Maintenance, Repair, and Overhaul), pilot and crew training, ground handling, as well as a variety of associated services. Supported by 12,000 highly skilled aviation professionals, the group operates worldwide.
