HEAD OF IT PROJECT MANAGEMENT. VILNIUS, LITHUANIA

ABOUT COMPANY:

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, and Canada.

Recognized as Top Employer of 2025, awarded by the Top Employers Institute, FL Technics demonstrates continuous effort and investments to create a great work environment and ensure the well-being of the ever-growing team in Lithuania and across the globe.

FL Technics is part of Avia Solutions Group, the world's largest ACMI provider, operating a fleet of 192 passenger and cargo aircraft worldwide.

As the **Head of IT Project Management**, you will be responsible for the strategic oversight and successful execution of all IT projects across the organization. You will lead a team of project managers and work closely with senior leadership to align technology initiatives with business goals, ensuring on-time, within-budget, and high-quality delivery.

YOUR TASKS:

- Lead and grow a high-performing IT Project Management Office (PMO);
- Define and enforce project management methodologies, standards, and best practices;
- Oversee the delivery of complex, cross-functional IT projects from initiation to closure;
- Monitor project performance, manage risks and resolve issues to ensure successful delivery;
- Collaborate with executive leadership to prioritize projects aligned with strategic objectives;
- Provide regular reporting on portfolio health, progress, and resource utilization;
- Drive continuous improvement through process optimization, training, and technology.

WHAT YOU SHOULD BRING:

- Proven experience (10+ years) in IT project management, including 5+ years in a senior or leadership role;
- Strong understanding of enterprise IT systems, software development lifecycles, and infrastructure;
- Demonstrated ability to lead large, cross-functional teams in a fast-paced environment;
- Deep knowledge of project management tools (e.g., MS Project, Jira) and frameworks (Agile, Waterfall, hybrid);
- Relevant certifications (PMP, PRINCE2, SAFe, etc.) preferred;
- Excellent communication, leadership, and stakeholder management skills;
- Bachelor's degree in Computer Science, Information Systems, or related field; Master's preferred.

WORKING AT FL TECHNICS:

- Exclusive experience to the aviation business industry;
- Flexible working hours to promote work-life balance;
- Work remotely for up to one month a year;
- Additional private health and accident insurance;
- Discount system with partnering companies;
- Access to internal training and courses;
- Complimentary in-house gym and other sports activities;
- Supporting and cheering for your success team;
- Competitive salary range, final offer will be proposed based on your experience and competencies.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation.

Salary: from 4000 € (brutto)
