

DATA ANALYST. VILNIUS, LITHUANIA

ABOUT COMPANY:

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, and Canada.

Recognized as Top Employer of 2025, awarded by the Top Employers Institute, FL Technics demonstrates continuous effort and investments to create a great work environment and ensure the well-being of the ever-growing team in Lithuania and across the globe.

FL Technics is part of Avia Solutions Group, the world's largest ACMI provider, operating a fleet of 192 passenger and cargo aircraft worldwide.

We are looking for **Data Analyst** in **FL TECHNICS Group** Finance Analysis & Controlling Team who combines a strong finance background with technical expertise in Power BI, SQL, and data analysis. If you love building smart dashboards, digging into data, and making processes leaner and faster – we want you on our team.

YOUR TASKS:

- Optimize and standardize reporting across multiple entities and systems to ensure consistency, accuracy, and comparability.
- Perform comparative analysis and benchmarking between business units and entities.
- Develop and maintain templates and tools for data reconciliation, financial analysis, reporting and budgeting.
- Ensure data accuracy and consistency through cross-system reconciliation and validation.
- Design and build automated reports and dashboards in Power BI to visualize key financial and operational KPIs.
- Drive and own continuous improvement initiatives, enhancing reporting quality and processes.
- Conduct deep-dive financial analysis and variance investigations to support business and decision making.
- Collaborate closely cross-functional teams to support finance's active role in automation and efficiency.

WHAT YOU SHOULD BRING:

- A degree in Finance, Economics, Applied mathematics, IT or related fields.
- Strong knowledge of financial concepts (e.g. P&L structure, cost/revenue drivers).
- Proven experience in SQL /Python (data extractions, manipulation) and Power BI (data modelling, visualization), or similar.
- Analytical mindset with attention to detail.

- Ability to communicate complex findings in clear, structured way.
- Self-starter attitude, continuous improvement mindset, and enthusiasm for automation and efficiency.

WORKING AT FL TECHNICS:

- Exclusive experience to the aviation business industry.
- Flexible working hours to promote work-life balance.
- Work remotely for up to one month a year.
- Additional private health and accident insurance.
- Discount system with partnering companies.
- Access to internal training and courses.
- Complimentary in-house gym and other sports activities.
- Supporting and cheering for your success team.
- Competitive salary range, final offer will be proposed based on your experience and competencies.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation.

Salary: from 3500 € to 4500 € (brutto)
