

## **SENIOR AIRCRAFT INSPECTOR. VILNIUS, LITHUANIA**

### **WHY US?**

Avion Express is a narrow-body ACMI (Aircraft, Crew, Maintenance, Insurance) and charter operator. Avion Express provides top-level short and long-term aircraft wet-leasing (ACMI) solutions and also offers its clients aircraft on a charter basis. The company operates an Airbus A320 family aircraft fleet.

Avion Express is looking for ambitious professionals to support the company's matters and further development of the company. The position is based in Vilnius, Lithuania.

The company creates a supportive work environment and conditions for employees to grow, both professionally and personally.

### **ARE YOU READY TO?**

- Following and familiarizing with the procedures and guidance on EU Ramp Inspection Programme issued by EASA;
- Planning inspections (and items) based on actual aircraft SAFA ratio (use all available sources, e.g. EASA/ internal sources/etc);
- Be the point person in preparing schedules;
- Conducting inspections as per SAFA/SACA inspection plan set up internally together with Head of Technical Compliance;
- Submitting Ramp Inspection paperwork and other evidence to Centrik, i.e. Proof of inspection forms, uploading inspection photos, other relevant information and evidence gathered while performing ramp inspector duties;
- Following up raised non-conformities for proper rectification within the agreed timescale;
- Be the point person for monitoring raised non-conformities;
- Preparing and attending the regular internal meetings with Head of Technical Compliance to discuss all aspects of the ramp inspection process (e.g. time management, efficiency of the inspection, team coordination, problems encountered, lessons learned, etc.);
- Being familiar with the documentation used for the inspection tasks;
- Present inspection results to aircraft maintenance organizations after every inspection;
- Ensuring that all data necessary to undertake assigned duties is available;
- Participating and supervising aircraft maintenance events;
- Participating in aircraft acceptance process (for inspection);
- Maintaining a good knowledge of the company procedures and associated regulatory requirements of each respective area;
- Knowing the documentation used for the audit tasks;
- Participation in the base maintenance events to perform deep aircraft inspections;
- Monitor SAFA/SACA ratio and analyze existing trends, areas required for improvement;

- Control and supplement aircraft inspection checklist based on internal company and regulatory requirements;
- Prepare fleet review reports quarterly and present them to the Head of Technical Compliance;
- Granting and controlling finding extensions;
- Ensuring that the quality/compliance standards conducting the audit are met;
- Submitting the Audit results and any finding raised to the Head of Technical Compliance and auditee;
- Be the point person for communicating and solving external Authority non-conformities in the EU SAFA database;
- Preparation and presentation of SAFA Gate quarterly reports to the Avion Express/Avion Express Malta management;
- Be the point person in solving complex problems arising from aircraft defect closures;
- To be the main person in communication with existing aircraft inspectors, their preparation.

## **DO YOU HAVE WHAT IT TAKES?**
