

## **PRODUCTION ENGINEER. VILNIUS, LITHUANIA**

This is an exciting opportunity for someone with an aviation technical background who wants to develop their expertise in aircraft maintenance coordination, maintenance control and continuing airworthiness.

If you are organised, technically minded and enjoy working in a dynamic aviation environment, we would be happy to hear from you!

### **RESPONSIBILITIES:**

- Review aircraft maintenance requirements, defects, deferred items and scheduled tasks;
- Coordinate maintenance activities with KlasJet Part-145 and external maintenance providers;
- Ensure availability of required manpower, materials, tooling and ground support equipment;
- Review technical documentation, including AMM, FIM and IPC;
- Coordinate material requirements and delivery status with Materials & Logistics;
- Monitor maintenance progress, identify potential delays and report updates to MCC;
- Support aircraft defect follow-up, maintenance status tracking and AOG situations;
- Ensure maintenance records and system statuses are updated and escalate issues when required.

### **REQUIREMENTS:**

- Aviation engineering/mechanic education or at least 12 months of experience in aircraft maintenance or continuing airworthiness;
- Basic understanding of aircraft maintenance and technical documentation;
- Ability to understand OEM documents, including AMM, FIM and IPC;
- Fluent English language knowledge (spoken and written);
- Good analytical, organizational and communication skills;
- Cooperation and ability to work in a team;
- Flexibility regarding working time, if required;
- Boeing 737 familiarization would be considered an advantage.
- Ability to work in a dynamic aviation environment and support maintenance activities when required.

### **WE OFFER:**

- An interesting and challenging position within an international company in a fast-moving and fascinating aviation industry;
- Opportunities to further grow and develop in the exciting and growing aviation company;
- Opportunity to improve and constantly acquire new knowledge (participation in training, seminars);
- Possibility to implement innovative ideas and solutions;
- Additional Health insurance according to the company policy;
- Free gym in the office;
- Free childcare zone;

- Other benefits from Avia Solutions Group.

Salary: from 2700 € to 3600 € (brutto)
