

## **PYTHON DEVELOPER. VILNIUS, LITHUANIA**

### **ABOUT COMPANY:**

FL Technics is a global provider of tailor-made services for aircraft maintenance, repair, and overhaul (MRO), delivering solutions to commercial aviation customers worldwide. FL Technics operates in a vast network of representative offices, hangars, and shop facilities, as well as the largest independent line maintenance stations network across Europe, Asia Pacific, Africa, the Middle East, and Canada.

Recognized as Top Employer of 2025, awarded by the Top Employers Institute, FL Technics demonstrates continuous effort and investments to create a great work environment and ensure the well-being of the ever-growing team in Lithuania and across the globe.

FL Technics is part of Avia Solutions Group, the world's largest ACMI provider, operating a fleet of 192 passenger and cargo aircraft worldwide.

Currently we are seeking Python Developer to join our innovative team.

### **YOUR TASKS:**

- Develop backend systems using Python
- Build and improve APIs and microservices
- Work with SQL databases (write queries, fix performance issues, learn best practices)
- Improve existing code (refactoring, bug fixing, incremental enhancements)
- Integrate with internal and external systems
- Participate in code reviews and team discussions
- Collaborate with DevOps and other team members

We do not expect perfection — learning and improving is part of the job.

### **WHAT YOU SHOULD BRING:**

#### **Must-Have:**

- Good Python knowledge (you've built something beyond tutorials)
- Experience with at least one framework (Django, Flask, or FastAPI)
- Understanding of SQL (SELECT, JOINS, basic performance awareness)
- Comfortable using Git in a team environment

#### **Nice to have (optional):**

- Basic frontend understanding (HTML, CSS, JavaScript)
- Exposure to React, Vue, or Node.js
- Any familiarity with Docker or CI/CD

Do not worry if you do not meet all the requirements — motivation and willingness to learn matter more.

**WORKING AT FL TECHNICS:**

- Opportunity to work on real systems used in production
- Supportive team environment where asking questions is encouraged
- Hybrid working model: 3 days in the office, 2 days from home
- Flexible working hours
- Option to work remotely up to one month per year
- Private health and accident insurance
- Access to internal training and learning resources
- Free gym and sports activities
- Discounts with partner companies
- Competitive salary range, final offer will be proposed based on your experience and competencies.

Seize this opportunity to soar to new heights with FL Technics! Apply now and be part of a globally acclaimed team shaping the future of aviation technology.

Salary: from 2500 € to 3800 € (brutto)
