- Monitor and interpret weather patterns to anticipate and mitigate potential hazards
- Track and oversee the progress of flights in real-time, taking necessary actions as needed
- Collaborate with pilots and air traffic controllers to ensure smooth flight operations
- Ensure compliance with aviation regulations and company safety standards
- Calculate fuel requirements and manage fuel loads for flights
- Take Necessary actions to prevent or reduce delays in case of CTOT

What It Takes

- Valid Flight Dispatcher License approved by Turkish DGCA
- Minimum of 2 years of experience as a Flight Dispatcher
- Graduation from a university associate degree program or an equivalent institution (preferably)
- Good knowledge of flight planning, weather analysis, and aviation regulations
- Strong communication and coordination skills
- Good problem-solving skills and attention to detail
- Flexibility to work in a 24/7 operational environment, including shifts during nights, weekends, and holidays
- Proficient in both written and oral communication in English
- Able to use MS Office Applications
